---

Dear Parents and Families,

I want to confirm that school holidays for students begin tomorrow. As they are holidays, we will not be providing any special homework over the break. Some staff will continue to be on-site for the rest of this week, so if you have to send your child to school we will be able to provide a care and supervision program for them.

However, we all need to be prepared to begin 'Home Learning' away from school at the beginning of next term. No firm decision has been made about this, but we need to be ready.

I have attached a letter which gives an indication of my expectations around our Home Learning Program. This week, teachers will be working on the program which will be made available via email. I have also sent out a test email to all families to check that you can receive our emails. Please hit 'reply' to let me know that it worked, or get in touch (0409 821 623) if it didn't.

We are in the process of making laptops available for students who have no device at home to use (a phone will not be enough).

We will not be sending home all of the students resources, instead, we will send home a small learning 'care pack' to assist in the event of needing it. (If it's not needed please send it back to school).

I have also attached a number of guides that you might find useful.

Stay well,

Arthur Lane
